

Route Punctuality Report

Dr. Sarah Okonkwo

2026-04-15

On-time performance

The mean on-time rate across routes is computed using Equation 1.

$$\bar{x} = \frac{1}{n} \sum_{i=1}^n x_i \tag{1}$$

Results by route

Table 1 shows on-time rates during Q4.

Table 1: On-time rates by route and service period

Route	Peak (%)	Off-peak (%)
Central–North	82	91
Central–East	78	88
Harbour–Airport	71	85

Recommendations

Investigate causes of delays on the Harbour–Airport route during peak periods.
